Photo Editing

Comic Creation

Describe the process...

Page 1

Examples:

In Technology Studies class, I developed photography skills, photo editing skills, design skills, story writing skills, and comic creation skills in order to create a comic strip.

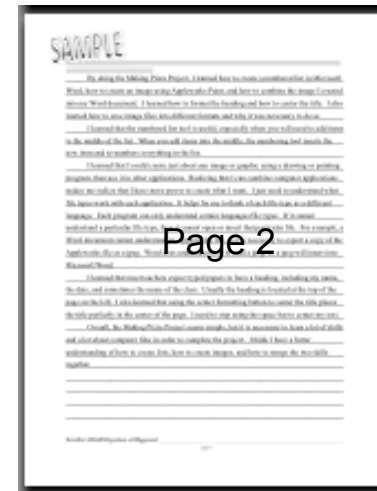

Photography...

OR

Creating a comic starts with writing a good story and requires a variety of photography, design, computer and comic skills to put the comic together.

The story...

Prove what you learned...

Page 2

*How have the use of comic text features helped you to become a better writer?

*How can you apply what you learned about comics to other work that you do in the future?

*How has learning about photo & comic composition helped you improve your sense of design, in general?

*How has learning about the various file formats helped you to be a better computer user?

*What else did you learn throughout the process of creating a comic strip?
