Academic Demonstration Video (aka "Demo Video") **Name**_____ **Date**_____

- ✓ You will create a multimedia video that demonstrates your understanding of a topic or skill. This is similar to a SLC artifact presentation, and will be shown at your SLC/POL.
- ✓ This multimedia project must include an animated model of the topic or skill with narrated voiceover, plus short credits.
- ✓ You may also include sound effects, appropriate music, additional video elements, and additional text that help to clearly communicate your ideas and understanding of the topic or skill.
- ✓ The final video must be concise (short, direct, nothing extra, to the point). Length: ~1-3 min.
- ✓ The final demo will be in Full Quality QuickTime video format using the file name: "demo_yourname.dv"

1. What topic or skill are you demonstrating?

2. What is your plan? Outline each shot that the audience will see.
   (Include a demonstration & a real life connection)

3. What do you need to make this happen?
