

Thinkquest RUBRIC

Learning Target: *I can create web content (text, images, hyperlinks, messages) that clearly communicates my ideas in an appropriate, polite, positive, safe, and skillful manner.*

	4 – Meets the learning target with excellence	3 – Meets the learning target	2 – Approaching the learning target	1 – Does not meet learning target
Learning Target 1: Computer Management	*I can download multiple images from the Web, scan images, or create graphics and upload them to a picture row containing 3 related images. *I can create functional hyperlinks to related items on my favorites list.	*I can upload image files to a picture row with less than 3 related images. *I can create some functional hyperlinks, but not all of the links work or some favorites items are missing links.	*I can upload something, but not necessarily image files using the Upload Pictures tool. *I created links, but they are not functional.	I was unable to manage my files well enough to upload images or to create hyperlinks.
Learning Target 2: Communicate Ideas	*My content clearly, creatively, and purposefully communicates my ideas. *I included titles that are all relevant to each item. *I created multiple pages to group different types of content. *I used correct spelling, punctuation, and grammar *All content communicates a positive message and purpose.	*Some of my content does not match my titles. *My content is somewhat organized. *I mostly used correct spelling, punctuation, and grammar *Nearly all content communicates a positive message and purpose.	*Much of my content does not match my titles. *My content is disorganized. *I often did not use correct spelling, punctuation, and grammar. *Some content communicates a negative message and lacks educational purpose.	Content is difficult to understand or seems to have little educational purpose.
Learning Target 3: Tech Products/Skills	I included all of the following on my homepage: * Welcome paragraph with appropriate title and purposeful content * Picture Row with 3 related images + relevant title * Favorites List with 3+ relevant items, all with functioning hyperlinks not blocked by filter * Message to Mr. Glickman thoroughly describing “where you see yourself in 10 years.”	I included most of the following on my homepage <i>or other page</i> : * Welcome paragraph with appropriate title and purposeful content * Picture Row with 3 related images + relevant title * Favorites List with 3+ relevant items, all with functioning hyperlinks not blocked by filter * Message to Mr. Glickman thoroughly describing “where you see yourself in 10 years.”	I included some of the following on my homepage <i>or other page</i> : * Welcome paragraph with appropriate title and purposeful content * Picture Row with 3 related images + relevant title * Favorites List with 3+ relevant items, all with functioning hyperlinks not blocked by filter * Message to Mr. Glickman thoroughly describing “where you see yourself in 10 years.”	I did not demonstrate any skills meeting the basic requirements. Some of my content is inappropriate.
Learning Target 4: Web/Resources	*Image files downloaded were high resolution. *Included many hyperlinks that were all functional. *Contacted other Thinkquest users to gain information that helped me to improve my webpage. * Contacted other Thinkquest users to learn about their culture and demonstrated what I learned on my page(s). *All information shared was safe and acceptable to share.	*Image files were downloaded and displayed. *Included some hyperlinks that were functional. *Contacted other Thinkquest users outside of the Crossroads network. *All information shared was safe and acceptable to share.	*Minimal image files were downloaded and displayed. *Hyperlinks were not functional. *All information shared was safe and acceptable to share. *Required several password resets.	*Shared information that was unsafe and/or unacceptable to share. *Required daily password resets.
